About Me

Results-driven Front-End Developer and UI Designer with 5+ years of experience building responsive, user-centric websites and single-page applications (SPAs). Proficient in building dynamic user interfaces with **JavaScript** and **React**, complemented by strong skills in **HTML5** & **CSS3**. Leverages **Figma** and **Adobe XD** for end-to-end design and prototyping. I'm living in Almere and do not require visa sponsorship(with work permit).

WORK EXPERIENCE

- 2022- Aug - 2024- Mar **Web Developer**
Takta Stone
Managed the end-to-end development of 10+ major website features using **JavaScript** (ES6+), **HTML5**, and **CSS3**, increasing user engagement by **30%**, while collaborating in an **Agile Scrum** environment.
- 2021- Sep - 2022- Aug **Mobile App Developer/UI Designer**
Karbord Computer Software Company
 - Designed clean and easy-to-use mobile app interfaces with **Adobe XD** and **Figma**.
 - Focused on simple layouts, clear navigation, and matching the brand style.
